## **ABOUT US**

---

Desdon Energy Technical Services Ltd is a UK-registered technical procurement and energy services company specializing in the UK-West Africa Energy, oil and gas market. Founded by a petroleum engineer with deep knowledge of the Nigerian energy sector, we serve as the trusted bridge between world-class international suppliers and Nigerian operators.

Our engineering background means we understand exactly what our clients need – not just what we can sell them.

## **CORE COMPETENCIES**

---

- ✦ Technical Equipment Procurement
- ✦ Oilfield Supplies & Materials Sourcing
- ✦ Equipment Leasing & Rental Facilitation
- ✦ Energy Resource Logistics & Strategic Sourcing
- ✦ Vendor Management & Supply Chain Support
- ✦ Engineering Consulting & Technical Advisory
- ✦ International Supplier Negotiations

## **WHY CHOOSE US**

---

- ✦ UK-based with deep Nigerian market knowledge
- ✦ Petroleum engineering technical background
- ✦ Direct access to UK and European suppliers
- ✦ Understanding of Nigerian regulatory environment
- ✦ NCDMB and NIPEX registered
- ✦ Rigorous Compliance & Due Diligence Standards
- ✦ Transparent and professional service delivery
- ✦ Committed to Nigerian local content compliance

## **OUR DIFFERENCE**

---

Unlike pure trading companies, Desdon Energy is founded and led by a petroleum engineer. We speak the technical language of our clients, understand their operational challenges and source precise solutions. We are engineers first, procurement specialists second – and that makes all the difference.
